

Hi,

We appreciate your interest in Ujwal Designing 😊

#### ABOUT THE INTERNSHIP:

1. The intern should commit 2.5 hours per day during weekdays and 4 hours during weekends.
2. The intern should be well versed with Bootstrap, CSS, JQuery, Javascript, Basic Wordpress ,Basic PHP, Converting PSD design to Bootstrap.
3. The intern should be able to handle multiple projects.
4. The intern should respect the given deadlines and commit it sincerely.
5. Stipend : Rs. 1000 + Incentives (Performace Based).
6. The intern should update the status daily on Trello or Asana to the mentor.
7. The intern will work on creating the websites from scratch (through coding or CMS).

So, here is the task:

Create restaurant website ( One page + Responsive Design )using Bootstrap, CSS, JQuery, Javascript and PHP. Below are the contents :

1. Banner section ( Slider or video loop)
2. Our Services Section ( Eg: - Book a hotel, or Wanted chef etc.,)
3. Our Chefs Section
4. Our Menu Section ( It should be creative !!!)
5. Contact Us ( Form should work successfully)

**Your assignment will be disqualified incase you choose the available templates.**

Your assignment will be judged on the basis of:

1. Choosing colors combination in the website.
2. Choosing google fonts.
3. Creative Desgin.
4. Researching other websites.
5. Quick + Maintaing Quality + Respecting Deadlines.
6. Your Understanding of the task.

And, host the site in 000webhost or your own domain and send us the link and code at [ruchithadeshpande@gmail.com](mailto:ruchithadeshpande@gmail.com)

**DEADLINE : 18<sup>th</sup> Feb, 2018, Sunday.**

Feel Free to contact us,

Ruchitha Deshpande

Web Developer – Ujwal Designing.
